The winning students at the 2017 US National Championships of the International Geography Bee in each age division will receive free flights to Berlin to compete, though they must still pay the entry fees. \* Students who finish in second place in their age division receive free entry into the competition; students who finish in third place receive free entry if they are also competing in the International History Olympiad; otherwise they receive a 50% discount. If students finish in the top 3 positions in both 2017 and 2018, then they are entitled to the more valuable of the two prizes, but not both on a cumulative basis.

\* = This policy was changed to allow winning IGB students to receive free entry (and pay for their flights instead) if they prefer.
